ABOUT US

Company Profile

In the field of Scientific & Laboratory, numerous firms have arrived, but only few have withstood the onslaughts of competition and cheap marketing gimmicks. However, our firm is renowned world over for the impeccable product quality, precision and durability since 1960's.

*Enriched with extensive industry experience as well as backed by a class apart infrastructural facility, we, **M/s J. M. Parekh Enterprises**, are catering to the ever rising needs of scientific or laboratory industry.*

The founder Mr. Haresh Parekh of this company was motivated & inspired by his Late father Shri J. M. Parekh. Mr. Haresh Parekh has got varied & professional experience by grooming under the guidance of his father Shri Late J. M. Parekh. He has played an active part in grabbing the opportunity & establishing about 15 Medical Colleges in India

Shri Late J. M. Parekh had entered into the field of Scientific Instruments & Lab Glassware by doing his first internship from James A Jovlin, Sunderland UK in the early 1960's. At that of point he mastered the GLASS TECHNOLOGY state of art & craftsmanship which was no where present in India at that point of time.

He was known as one of the most dynamic entrepreneurs of those times and brought about a complete Technological Transfer to India by setting up automatic & machine made manufacturing units for microscopic glass slides, cover glass, test tubes, capillary tubes and lab glassware and many more products....

Shri Late J. M. Parekh valuable guidance to Mr. Haresh Parekh and his grandsons led to build an urge in us to expand this reign at a global level. We are incited to be abreast with the latest technology in Laboratory Glassware, Scientific Instrumentation & Laboratory Furniture to open up new horizons as an entrepreneur while continuing the family business.

*Gaining this vast & professional experience Mr. Haresh Parekh still continues to give astral respect to his late father Shri J. M. Parekh and continues the business in the name of **M/s J. M. Parekh Enterprises**.*

Over 70 years of family being associated in the same industry we still strive to serve all our clients with impeccable quality at the most competitive rates in market.

It's about our Third Generation in the family business since then & it still feels great to serve our clients by growing leaps & bounds owing to our unwavering efforts to meet clients' requirements in the field of Laboratory Furniture, Glassware, Plasticware, Equipment and Greenfield projects by supplying to numerous Hospitals, Research & Pharmaceutical Companies all over India.

Thanking You,

Chintan Parekh

(M.S. Sci Tech, Germany, B.E. Mech, Six Sigma Black Belt)

Laboratory Furniture

Laboratory work-benches

Completely integrated with Gas Pipeline, Water Supply, Drainage, Electrical Connections, Chemical Resistant Tops, Chemical Resistant Sinks, Vacuum Lines, etc

An Ideal Solution for your Laboratory.

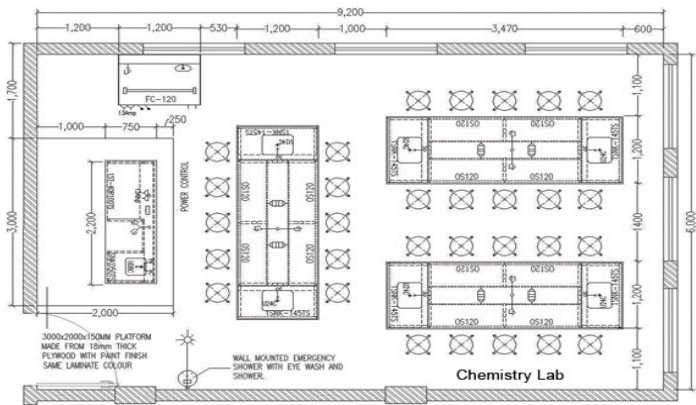

Want to know the price ?

Let our Engineer Come & Discuss it with you as per your customized needs.

SALIENT FEATURES OF OUR FURNITURE

- *Assembly very much in need for the laboratory usage.*
- *Work-bench assembly is a combination of different modules a sink Unit as well as Reagent shelf provided with services as per customers requirement.*
- *The modules are so designed that they can be fitted either to the pedestal system or the flexible system with considerable ease.*
- *Shutters and drawers have handles. Shutters are fitted with hinges.*
- *Locking arrangement can be provided to all modules.*
- *Shutter modules have removable shelves.*
- *Modules for sink tables are specially designed for the fitment Of sinks.*
- *Cut outs are provided at the top and rear of the unit for positioning of the sink and its piping work.*
- *Servicing within the confines of the modules is made practical by providing full length shutters. The drawer organizers for fitting into storage modules offer an ideal solution for the storage of small Laboratory ware.*
- *Bench system can be fitted with bench top as per customer's choice and Service for specific use.*
- *Variety of Table Tops could be used like most commonly used is Granite, Glass, Trespa Tops, Epoxy Coated/ Chemical Coated Tops, etc*

Design to Final Execution

*From comprehending a client's ideas to an engineering design....
From converting an engineering design to shaping an actual Laboratory.*

And

As mentioned earlier indeed “We Shape Laboratories...!”

Storage Cabinets

Working Tables are often kept in conjunction with wall hung storage cabinets to provide better ergonomics.

CHEMICAL STORAGE CABINET

Chemical Storage cabinets are require with ducting to ensure all your chemicals are stored Safety under standard pressure & temperature conditions.

We know what your needs are and give a complete solution for your safety.

Fume Hoods

“SAFETY IN A LABORATORY HAS ALWAYS BEEN OUR PRIMARY CONCERN.”

Hence, we say our products are **“ ENGINEERED FOR SAFETY “**

The Supreme air series of fume hoods meet the challenge with a high degree of efficiency. A wide variety of models and comprehensive option packages have been designed to enable you to tailor your fume hood to a specific application.

- *Fume Hoods are available with variety of lining and work surface like PP, PPGL, FRP,SS (316), PVC, HDPE, Ceramic tiles etc.*
- *Have 5.5 mm toughened glass sash suspended on safe device.*
- *It is provided with counter balance load for easy up and down movement.*
- *Fume Hoods are aerodynamically designed which provides most efficient airflow to the suction.*
- *Fume Hoods Are double wall construction which provides easy maintenance, access to service like Water gas, electricity etc.*
- *Fume Hoods Are Provided with support base having provision for air vent connection to evacuate tapped chemical vapor inside.*
- *They are provided with switch for easy starting of the centrifugal fan.*
- *High quality HDPE/FRP/PPGL/PP/PVC pipes & accessories are used for FC ducting.*
- *We are using centrifugal PP/FRP. Blowers for Exhaust system of FC, 3 phase motor (capacity according to need) is coupled with Appropriate blower.*

All FUME HOODS ARE MADE OF COMPLETE STEEL:

They are manufactured from best quality C.R.C.A Sheets (Cold Rolled Case Annealed Low Carbon steel sheets) of 18/20G which are duly provides better protection from acid fumes in the lab.

A photograph will help you understand better of what we offer.

Epoxy & Chemical Resistant Floorings

We provide Laboratory flooring which promotes the Clean Room concept by providing a joint less finish and minimal undulations. Since the flooring is joint less there is no question for dust to accumulate in the joints which is generally present in conventional tiling of the floor.

This flooring system is a special combination of Epoxy & Poly Urethane (PU). This prevents accumulation of dirt and makes the floor highly washable.

However, while there is no simple way of assessing the durability of an exterior coating, as it is a function of numerous factors, one basic methodology that may be used for back of the envelope calculations is to check for the Dry Film Thickness (DFT) of the coating and higher the DFT, greater the expected life. Loads from 70 to 80 N/m² are recommended.

We provide the best tried & tested products/ methods present in the industry at your laboratory.

Accessories

A variety of accessories could be used in conjunction with laboratory Furniture.

A picture with their names could be of better help for your comprehension & Understanding.

THREE WAY WATER TAP

PANEL MOUNTED VALVES

PORTABLE EYE WASH

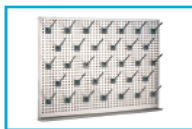

SPOT EXTRACTOR ARMS

P. P. MID SINK

S. S. SINK

PEG BOARD

KEY BOARD DRAWER

Lab Glassware, Chemicals & Instruments

Our Client Portfolio

Spending Decades in perfecting the art of “Turnkey Laboratory Projects”

We have more than 70 years of experience in setting up various types of laboratories Like;

New MBBS Medical Colleges, Homeopathic, Pharmacy, Nursing, Ayurvedic Colleges, Agriculture Colleges, Pathology, Microbiology, Biochemistry Laboratories & Blood Banks.

Some of Our Happy Customers

To name a few were

1. *Mahindra United World College, Pune*
2. *R & D School Dighi, Pune*
3. *D Y Patil Medical College, Navi Mumbai*
4. *Bharti Vidya Peeth Science College, Pune*
5. *Krishna Institute of Medical Science College Karad*
6. *Parmukhswami Medical College , Anand, Gujarat*
7. *M.G.M Medical College at Mumbai & Aurangabad*
8. *Punjabrao Deshmukh Medical College, Amaravati*
9. *B L D Association, Bijapur*
10. *Medinova Services at Pune, Bangalore & Hyderabad*
11. *Pravranagar Medical College, Maharashtra*
12. *Al Amin Medical College, Bijapur*
13. *Tilak Ayurved Mahavidyalay, Pune*
14. *Ranade Homeopathic Medical College*

And Many More

Contact Us

We would be more than happy to work with you and submit you a quote After observing your school /college laboratory.

Please do visit us at our address incase of any queries / doubts.

Waiting for you to be on the list of our esteemed clients.

Thanking You,
